Solid clinical education & skill-building for
professionals providing mental health & substance abuse treatment
for today's adult generations

April 20-21, 2011
Salt Palace Convention Center
100 So. West Temple
Salt Lake City, Utah

*Founded by the
University of Utah Neuropsychiatric Institute*

Supported by a partnership of caring organizations including
Alzheimer's Association, Utah Chapter
Highland Ridge Hospital
Utah Division of Substance Abuse & Mental Health

The silhouette of today's population is comprised of an increasingly diverse and complex array of individuals spanning a wider range of generations than ever before. This silhouette of our multiple generations is constantly being bombarded and molded by changes in

- Technology & social norms,
- Life expectancy,
- Workplace environments,
- Cultural composition,
- Economic turns,
- Behavioral addictions,

- Population diversity & demographics,
- War,
- Substance abuse trends,
- Global connections & politics,
- Mental health; and,
- Treatment resistant illnesses.

These and other changes can create pressure which impacts individual health and well-being in a multitude of ways. Health and mental health professionals confront these consequences on a daily basis. This conference is designed to provide the **latest evidence-based practices, practice-based evidence, in-depth clinical information, research and technical skills / practice tools** in lively, interactive workshops for professionals in:

- | | | | |
|-----------------------|-----------------------------|----------------|--|
| • Case Management | • Health Education | • Medicine | • Substance Abuse Treatment |
| • Counseling | • Home Health | • Nursing | • Other Health & Mental Health Professions |
| • Education | • Hospice | • Pharmacy | |
| • Employee Assistance | • Judicial / Corrections | • Primary Care | |
| • Family Practice | • Long-Term Care | • Psychiatry | |
| • Geriatrics | • Marriage / Family Therapy | • Psychology | |
| • Gerontology | | • Social Work | |

WE LISTENED AND HEARD YOU!

Join your colleagues at *Generations 2011* and meet new professionals with whom you can build relationships and expand networks. Thanks to you and the requests of other professionals who have attended this program before, you will enjoy:

- | | |
|--|--|
| - A comprehensive conference syllabus with resource materials & faculty handouts | - Interactive sessions & case practices |
| - Plentiful & tasty food | - Return of a multi-cultural component |
| - Significant continuing education credits - including ethics content | - A conference bookstore |
| - A wide array of clinical presentations focused on treatment | - Spacious, comfortable environments |
| - Skill-building workshops in targeted therapeutic areas | - Nationally & locally renowned faculty |
| - Abundant networking opportunities | - Audio-visual programs |
| - Programs by energetic & popular faculty | - Exhibit areas |
| | - Discounted lodging accommodations |
| | - Convenient, underground parking at reduced rates |
| | - Gifts & more! |

As always, *Generations* will offer you a vast selection of training in the mental health and substance abuse treatment dimensions. You will be able to select classes designed to increase your knowledge of pertinent behavioral health and addiction issues facing today's adult generations in order to develop and implement effective prevention and intervention / treatment programs and strategies - in communities and in individual practices and programs. Ultimately, this will help improve your clinical practice and client care. More specifically, this conference is designed to enable you to:

- Gain effective working tools for intervention - prevention to tertiary treatment;
- Develop strategies to more effectively promote the healthy growth and development of individuals in all stages of adulthood; and,
- Familiarize yourself with current resources and resource needs.

ADDITIONAL CONFERENCE FEATURES & BENEFITS YOU REQUESTED

All faculty have been asked to provide insightful and interactive programs focused on **treatment interventions and skills** which will ultimately help you upgrade your practice, improve the services you provide to all clients, and increase your efficacy and bottom-line. The program will address relevant issues in behavioral / mental health and substance abuse. Throughout the conference, you may select from these topics which you see on a frequent basis, issues of which you are curious, or subjects from specific tracks such as MEDICINE, MENTAL ILLNESS, GERIATRICS, CHRONIC ILLNESS, TREATMENT, MILITARY, ADDICTIONS, and OTHERS.

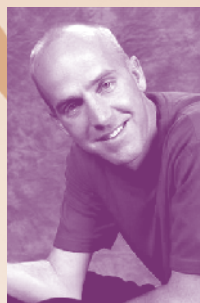

In addition to these session selections, you may also choose to participate in WORKSHOP SERIES focused on explicit practices such as Motivational Interviewing and Dialectical Behavioral Therapy (DBT). These series will go beyond introductions and provide you with specific skills and techniques you can take back and apply in your own practice.

The overwhelmingly positive response to last year's presentation on our future in healthcare, and enthusiastic ratings of Dr. Ron Manderscheid, Executive Director of the National Association of County Behavioral Health and Developmental Disabilities Directors (NACBHDD), have led to a multidimensional KEYNOTE ADDRESS which will go "*Beyond the Basic Rhetoric*" to prepare us for imminent changes we must face in both our professional and personal lives. Dr. Manderscheid, a national expert on how healthcare reform will impact individuals and communities, will provide an eye-opening address, followed by a lively panel presentation with esteemed experts who will delve deeper into some of the hottest issues - including privatization.

Closing day two will be an equally riveting address by Mr. Chad Hymas, world record wheelchair athlete and world-renowned motivational speaker. Mr. Hymas will embed messages in your mind which will potentially transform your life. Go back to work to achieve the seemingly unachievable!

Ron Manderscheid

Chad Hymas

Following the conference foundation of PARTNERSHIP-BUILDING, other organizations will be joining their educational ventures in *Generations 2011*. For example, the Utah Psychiatric Association will again explore an adjunct membership / educational program. Recovery Plus, a partnership between the Departments of Human Services and Health, will offer an EXCLUSIVE PRE-CONFERENCE FORUM exploring tobacco-free substance abuse treatment. The science shows that 68% of individuals entering substance abuse treatment use tobacco, yet tobacco negatively impacts recovery rates from other substances. How do we deal with these issues and still attract clients, provide them with the best treatment and meet the bottom line? What are the debates, where are the answers, and what will our future hold? This forum will be offered to a limited number of participants. You may register for this program via the attached "Registration Form" and will be accepted on a first-come, first-serve basis.

CONTINUING EDUCATION CREDITS

This program includes 13.25 hours of course work for continuing education credit (including several ethics credit options) and an additional 4 hours for the special pre-conference forum.

- * Accreditation: ESI Management Group is accredited by the Utah Medical Association to provide continuing medical education for physicians.
- * AMA Credit: ESI Management Group designates this educational activity for a maximum of 13.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This program has been submitted to the:

- Association of Utah Substance Abuse Professionals (AUSAP)
- National Association of Social Workers (NASW)
- National Board for Certified Counselors (NBCC)
- National Commission for Health Education Credentialing (NCHEC)
- Nevada Nurses Association (accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation)
- Utah Healthcare Association (for Long-Term Care Administrators)
- Utah Psychological Association (UPA - approved by the American Psychological Association to be a provider of APA Category 1 Continuing Ed Credit)

- * Professional Credit & Verification: In some states, CME programs such as this may be used for rec licensure credit in other fields. It is the responsibility of each individual to record and report their attendance to their licensing organization and to check with their Boards to determine reciprocity and licensure credit as needed.

- * Attendees may register to receive a Certificate of Attendance. These certificates may be used for employers, accrediting organizations and other wishing to verify participation. (See "Registration Form")
